### RETAINED AT LYME.

Clarence L. Clark, Republican, Reappointed as Postmaster.

Clarence L. Clark has been reappointed postmaster of the Lyme post-office, having received official notice to that effect. The Lyme post-office is situated in the town of Old Lyme and is the starting point of a rural delivery route of 24 miles through the district north of Old Lyme. During Mr. Clark's incumbency the increase in business brought the office from fourth to third class. Mr. Clark is a republican in politics, but had never been identified with the local party organization. When the national election in 1912 resulted in a democratic victory and democratic postmasters were being appointed in place of republicans, the people of Old Lyme at once made strenuous efforts to have Mr. Clark retained. A petition was circulated and signed by nearly all the legal voters of the section served by the office regardless of party. Congressmen-elect B. F. Mahan was deluged with letters. President Woodrow Wilson and spent several summer months in many of the personal friends he had made in Old Lyme urged him to have Mr. Clark appointed again. It is not known whether it was the result of personal attention to the matter that brought about the reappointment, but it is very probable that this was the case. Mr. Clark is a very efficient and obliging in the office.

### APPEAL TO SUPREME COURT.

Taken in Suit Brought Against Grotton Fertilizer Co.

Frank E. Hadley a brakeman of Grotton, who recently lost a suit for \$10,000 damages against the C. M. Shay Fertilizer Co. of Grotton, for personal injuries, received by being rolled between a freight car and a shed, owned by the defendant company in the superior court has taken an appeal to the supreme court of errors. Notice of appeal was filed with Assistant Clerk Hibbard R. Norman in New London Tuesday.

The case was tried before Judge Bennett and a jury last week. The evidence had all been taken when Judge Bennett granted a motion of the attorneys at the close of the trial for a verdict for the Shay company and dismissed the case, stating that the plaintiff had failed to prove negligence on the part of the defendant company.

It is from this decision that the appeal is based, claiming that the directing of the verdict was against the evidence.

### QUIT MEAT WHEN KIDNEYS BOTHER

Take a glass of Salts before breakfast if your Back hurts or Bladder is troubling you.

No man or woman who eats meat regularly can make a mistake by flushing the kidneys occasionally, says a well-known authority. Meat contains uric acid which excites the kidneys, they become overworked from the strain, get sluggish and fail to filter the waste and poisons from the blood then we get sick. Nearly all rheumatism, headaches, liver trouble, nervousness, dizziness, sleeplessness and urinary disorders come from sluggish kidneys.

The moment you feel a dull ache in the kidneys or your back hurts or if the urine is cloudy, offensive, full of sediment, irregular of passage or attended by a sensation of scalding, stop eating meat and get about four ounces of Jad Salts from any pharmacy; take a tablespoonful in a glass of water before breakfast and in a few days your kidneys will act fine. This fine salt is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to flush and stimulate the kidneys, also to neutralize the acids in urine so it no longer causes irritation, thus ending bladder weakness.

Jad Salts is inexpensive and cannot injure; makes a delightful effervescent lithia-water drink which everyone should take now and then to keep the kidneys clean and active and the blood pure, thereby avoiding serious kidney complications.

## DAMAGES FOR SIDEWALK CHANGES

\$7,500 Sought From City of New London by H. H. Hilliar—

Suit on Trial in Superior Court—Jury Went to View Property Before Evidence Was Put in.

The superior court in New London Tuesday was occupied from 10 o'clock in the morning to 5 in the afternoon with the trial of the suit brought by H. H. Hilliar of New London against the city of New London for \$7,500 damages to his property in Williams street for change of the grade when the city laid the new granite sidewalk in 1912.

Before the jury was selected Attorney Hadley A. Hull, counsel for the plaintiff, inquired of the court if the new London jurors were not disqualified in view of the fact that the suit was against the city. Judge Bennett did not think that that fact necessarily disqualified them unless they were challenged.

Two Jurors Requested to Be Excused. The jury was then called in and Attorney Hull inquired if any of them were related to the plaintiff or had formed any opinion about the case which would prevent their trying it. Andrew M. Parrish and James T. Potter asked to be excused, the former because he had known Mr. Hilliar for many years in business relations, and the latter because as a taxpayer he did not think he should act. They were both excused. Norman M. Ruddy was the only New London juror left and Judge Bennett inquired if there was any objection and none was made.

The following jury was then selected: Norman M. Ruddy, New London; Jefferson B. Bailey and Frank Charleton, Groton; Seth N. Williams and George Winterbottom, Stonington; Edward S. Henry, Montville; Enos M. McGowan, New London; Albert J. Perkins and F. F. Richards, Waterford; Clifford E. Chapman and Alva Morgan, East Lyme.

The complaint alleges that Hilliar in Williams street having a frontage of 600 feet owned by the plaintiff was damaged by cutting down the trees and changing the grade when the new sidewalks were laid. A high perpendicular bank was left, several shade trees on the property and in front of the property were destroyed as a result of the changes.

The plaintiff's side was not finished when court adjourned for the day. The witness told of the condition of several large trees on the property before the walk was laid, saying that there are only three left. The roots of the trees were cut away to such an extent that they have been and are being supported and are not safe. He fears that they will some time blow over on the houses in a gale.

The plaintiff's side was not finished when court adjourned for the day. The witness told of the condition of several large trees on the property before the walk was laid, saying that there are only three left. The roots of the trees were cut away to such an extent that they have been and are being supported and are not safe. He fears that they will some time blow over on the houses in a gale.

### POULTNEY BIGELOW ANSWERS MUNICH ACCUSATIONS.

Charge That Emperor Paid His Bills Is Clumsy Joke by German Editor.

After Poultny Bigelow was graduated from the Norwich Free Academy with the class of '73 and had taken his A. B. degree at Yale in 1879, he went to Germany and for a time was a student of Kaiser Wilhelm at Potsdam.

At that period his father, John Bigelow, was United States minister to Russia. The schoolmates may not have all agreed, but their friendship has continued during twenty-five years.

Recently Mr. Bigelow wrote from his home at Malden-on-Hudson to a New York paper a rather pessimistic letter on the writer's accusations, which Mr. Bigelow says, would make a Benedict Arnold feel uncomfortable. Among other things, a Munich paper declares that the Emperor had assisted Mr. Bigelow over and over again by paying his debts.

Mr. Bigelow's comment, characterized by vigor, gives a good insight to his boyhood friendliness with the emperor, when he writes: "Aus ewigen Gedenken!" And me, who have never borrowed a penny from any living man—indeed, have never been in debt to any man, save my generous friends. It is a clumsy joke for even a German editor—but what of William II.? Is it a trifle to accuse the Emperor of intimacy with a quack of centuries with a Yankee adventurer? Think of a mighty monarch inviting annually an impetuous globe-trotter, who was everlastingly sponging on the imperial purse!

### PASSOVER CELEBRATION.

Feast Will Be Observed Beginning on Monday Next Week.

Local Hebrews are preparing to observe the Passover, or Feast of the Unleavened Bread, which begins on Monday next week, and continues until March 31st.

The Passover is the first and greatest of the three annual feasts instituted by Moses, at which it was incumbent upon every male Israelite to make a pilgrimage to the House of the Lord. It was celebrated on the anniversary of the Israelites' escape from the land of Egypt, on the 14th day of Nisan, otherwise called Abib, the period of the first full moon of the spring and lasted eight days.

In commemoration of the incidents connected with the great event of the liberation of the people it was ordained that unleavened bread should be eaten during this impressive period. The Paschal feast, as at present celebrated by the Jews, has more the character of a hallowed family feast, with reference however, to the great national event.

No More Mail Transfer at Saybrook. The post office department dispensed with the mail transfer station at Saybrook Junction, commencing Monday and at the same time with the service of Judge Charles S. Gates, who in a position he held for the last 14 years, coming from there through the railway mail service between New York and Boston, which position he held for as long a period.

Saturday the railroad officials notified Agent D. S. Clark that a railroad train would arrive on the afternoon train to be broken into the duties of transfer clerk to take Judge Gates' place, and that the government was reducing expenses in the mail service. This does away with the asserting of and making up of mail that were thrown off trains where the clerks on through trains could not find time to stop at stopping places, which mail was then made up at this station and returned on the next train.

### SIN LURES VICTIMS INTO DANGER ZONE.

Shrewdness of Sin Was Topic of Rev. Dr. Slocum at Shop Talk.

Rev. Joel R. Slocum, D. D., pastor of the Central Baptist church, spoke on the topic "The Shrewdness of Sin at the noon shop meeting held Tuesday at the Cutler place. The subject was auspicious. Rev. Dr. Slocum told the story of the clever way in which an Indian entangled an eagle by baiting the bird to eat from what point in the place near the eagle's feeding place. Finally when the bird had become thoroughly accustomed to feeding there the trap was sprung and the eagle caught.

This is the story, said Rev. Dr. Slocum, and I want you men to decide in your own mind what point in the Indian's scheme the eagle was caught. Very likely some of you would say that he was caught at that moment when the Indian pulled the string and the meshes of the net entangled him. If you think so, I will not argue with you, for there have been some men in favor of that conclusion. But I take a different view, and I'm going to venture that the eagle was caught the first day he ate his breakfast on that stone. It is certainly true that he never got away from that first step into the danger zone. The bird was there the first day that told him to look out, and he did look out, but he kept coming back to that stone. The Indian knew when the bird came back that point in the Indian's scheme the eagle was caught. Very likely some of you would say that he was caught at that moment when the Indian pulled the string and the meshes of the net entangled him. If you think so, I will not argue with you, for there have been some men in favor of that conclusion. But I take a different view, and I'm going to venture that the eagle was caught the first day he ate his breakfast on that stone.

When the enemy of our souls decides to entrap us, he first of all gets us to go once into the danger zone. Then he convinces us that there is absolutely nothing in that place. Then he makes all hell ring with his laughter, for he knows we are caught. The details of actually getting us into the danger zone are not so important, but they are not nearly so fascinating as the steps that lead up to the point of our complacent indifference to danger.

### NORFOLK COATS LIKED.

Coverts and Poplines Favored Materials—Suits, Dresses and Hats.

Coats this spring all have the fashionable flare which is so graceful and so much liked.

Checks are very popular, coverts stand high in favor and for warmer days poplines are in the first rank. One of the smartest models shown is a Norfolk pleated coat in double-faced Vornbro striped chinchilla, with white braid collar and self cuffs piped with the white braid.

The coats of many of the modish suits are cut on Norfolk lines. One suit in shepherd check had pleated Norfolk coat, with collar, belt and cuffs of white leather and touches of Belgian blue. A graceful pleated skirt went with this suit.

Sand silk poplin was developed in a coat and circular skirt having a smart finish of Dresden collar on the belted coat.

The new battleship gray in crepe de chine was the material of an exceedingly attractive dress which had a gold embroidered girdle with tabs at the sides. Handsome buttons adorned the waist.

An ocean blue pussy willow taffeta had a flowered waist and modish shirred skirt. The waist was made with high back collar finished with a blue cord and the sleeves were long. Charming was an evening gown in Felon taffeta in soft sky blue tint. Empire style with royal blue crepe facing. The skirt had a black velvet band with a single streamer and for fine rich fadeless roses and forget-me-nots.

### New Hat Modes.

Among some of the handsome hats on view yesterday was a Leghorn faced with French crepe in flesh tint. This hat had a black velvet band with a single streamer and for fine rich fadeless roses and forget-me-nots.

## GET RID OF HUMORS AND AVOID SICKNESS

Humors in the blood cause internal derangements that affect the whole system, as well as pimples, boils and other eruptions, and are responsible for the readiness with which many people contract disease. For forty years Hood's Sarsaparilla has been more successful than any other medicine in expelling humors and removing their inward and outward effects. Get Hood's. No other medicine acts like it.

A rose feather stick-up formed the trimming. The pattern hats and the smart garments described give but a faint idea of what the artists are offering.

See them for yourself today, guided to the smartest stocks by the hints of The Bulletin's advertisers.

### Workmen's Compensation.

One new workmen's compensation agreement was filed on Tuesday with the clerk of the superior court by Dr. James J. Donohue, commissioner for this district, in which Charles M. Gelsthardt and Carl Kinski are respectively employer and employee. Mr. Kinski had an injury to the fourth finger of his left hand on June 22. He is to be paid \$5 weekly for ten weeks for half loss of fourth finger, average wages being \$12 per week.

### Plaintiff Testifies.

Bindless H. Hilliar, the plaintiff, then took the stand and described the houses and property in Williams street. He told of the condition of the property before and after the walk was laid, testifying that the city had made no provision for taking off the surface water, and had discussed with Highway Commissioner Darrow the matter of eliminating or retaining a driveway on to the property, arranging finally that it should remain. He testified to laying one drain pipe himself.

The witness told of the condition of several large trees on the property before the walk was laid, saying that there are only three left. The roots of the trees were cut away to such an extent that they have been and are being supported and are not safe. He fears that they will some time blow over on the houses in a gale.

### OUCH! PAIN, PAIN. RUB RHEUMATIC, ACHING JOINTS

RUB PAIN RIGHT OUT WITH SMALL TRIAL BOTTLE OF OLD "ST. JACOB'S OIL."

Rheumatism is "pain only." Not one cure in fifty relieves the interlial treatment. Stop drugging. Rub soothing, penetrating "St. Jacob's Oil" right into your sore, stiff, aching joints and muscles, and relief comes instantly. "St. Jacob's Oil" is a harmless rheumatism cure which never disappoints and can not burn the skin. Instantly. Lumber up! Quit complaining! Get a small trial bottle of old, honest "St. Jacob's Oil" at any drug store, and in just a moment you'll be free from rheumatic pain, soreness, stiffness and swelling. Don't suffer! ## The Reid & Hughes Co.

1883, by the Rev. J. D. Herr, D. D., then pastor of the Central Baptist church. Five children have blessed this union. Mrs. George A. Pendleton, Mrs. Albert P. Bennett, Herbert H. and Misses Edith and Ethel Benjamin, all of Preston. There are four grandchildren.

There was a little thing of sadness connected with the day, as it was probably the last gathering in the old home where Mr. and Mrs. Benjamin are soon to move to Preston City into the new home which Mr. Benjamin purchased last summer. They began housekeeping in North Stonington, where they lived for two years, moving then to Preston, where they have since resided and where they have always been ready to respond to any call for assistance both in the neighborhood and in

### MARRIED 32 YEARS.

Mr. and Mrs. Charles H. Benjamin Mark Anniversary by Family Dinner Party.

Sunday, March 21st, marked another milestone in the married life of Mr. and Mrs. Charles H. Benjamin of Preston. The day was quietly spent at their home with their children and grandchildren, the dinner party numbering fourteen. They received handsome remembrances from the children and congratulations were received through the mail.

Charles Henry Benjamin and Georgiella Park were married at East Great Plain, Norwich, on March 21st,
